Dear Danielle,

Thank you very much for Brewer Media Group's efforts in the 3rd Annual St. Chatty's Day Parade, making it a successful community event. We appreciate the support you and Brewer Media provided for this event which will help Chattanooga's Kids on the Block continue to provide educational programs on sensitive topics such as child abuse, bullying and obesity among other issues, free of charge to children in our community.

During our last fiscal year Chattanooga's Kids on the Block performed a total of 456 educational programs, serving over 70,000 children and adults in our 16 county service area in Southeast Tennessee, Northeast Alabama and Northwest Georgia! Our evaluations and surveys indicate that 70 percent of elementary school students who say a Kids on the Block program showed a positive change in knowledge, attitude and/or behavior; 82 percent of high school students said seeing one or more of our programs helped them in making more responsible decision and healthier lifestyle choices; 97 percent of teachers said that our programs supported and enhanced classroom and guidance curriculums; and 98 percent of teachers said that our programs made a positive influence in student's attitudes and behaviors in the classroom.

We are extremely proud of the impact we have in our community and that you have helped make this possible!

"Life lessons are tough, but, because of your support, Chattanooga's Kids on the Block makes them a lot easier."

Thank you again for your support and the opportunity it provides for CKOB to continue in helping to make a difference in our community!

Kindest Regards,

Kelly Williams
Executive Director

Using the power of puppetry, our mission is to educate children about social concerns and differences, giving them skills to stay safe and healthy.
